HLPOA Annual Membership Meeting Minutes

2024 May 5

The 2024 annual meeting was called to order at 2:01 pm with 31 members signed in. The Pledge of Allegiance was recited and roll call was taken with all directors present.

A motion was made by Chris P with a 2nd from Henry to accept the May 7, 2023 annual membership meeting minutes as posted on NextDoor and in the June 2023 Beacon.

Lynda introduced Kay Hartz as the longest member, and Kay recalled that they bought here in 1964, before there was even a lake. Buckeye was the 2nd longest member present having been here since 1969. Lynda accidentally neglected to recognize any previous board members in attendance, although there were several present. We held off on announcing our Volunteer of the Year in hopes that they would still arrive.

President's Report: Eric Griffin Eric thanked the current board and staff for their time and dedication to Holiday Lakes. He then gave a brief synopsis of each director's committee liaison responsibility. Eric is overseeing the Rules and Regulations Committee, Chris P is handling the Facilities and Maintenance Committee, Henry will run the Finance Committee, Lynda deals with the Social Committee and its sub committees and Chris H is working with the Southern 5 Sewer Board and the Safety Committee. Eric gave high praises to our current full-time staff of Josh, Anni and Kyle. Their dedication to our community is evident in the way they deal with our membership and their commitment to their jobs. They go above and beyond helping to make our association the best it can be and we are very grateful to have them. Eric then thanked the volunteers who work tirelessly on their own time to help with whatever is needed... Being serving on committees, getting mailings done, feeding a hungry school group or 100 other things. Volunteers are greatly appreciated. Eric is working with his committee on "cleaning up" and streamlining the current rules and regs. He has the committee's first revision back from the paralegal and hopes to have it to the board for approval within the next month or so. Eric is also working on an annual report similar to what was put together last year, highlighting improvements around the lake, plans for the upcoming year and reports from the committees. He also hopes to put out another community survey soon.

Vice President's Report: Chris Pheiffer Chris highlighted all the improvements made by Josh and his crew over the past year. 1) The new maintenance building was completed with many upgrades provided by community volunteers. Some equipment that we did not use much was sold and these funds put into buying equipment that will better fit the jobs Josh will be doing in the future. 2) A new roof and gutters with an extension over the Brass upper deck was put on the lodge. 3) The golf cart paths were regraded in parts near Portage Path, a new bridge was built over to the Twin Bay area and a new portion of the path was created leading to the golf club. (Many of these improvements were funded by Social Committee events (ie Poker Runs and also the path to the golf club was funded by private members donations). 4) New docks were dug out and built as well as Lakeshore Cove and Beach Drive rental areas cleaned out in order to access all docks. This has allowed for a no wait list to get A DOCK...some are still on a wait list to move to a different dock location. 5) Stoning was done on the south side of the causeway (north side will be done next winter) 6) The East side of 99 was cleaned up and the lake is now visible when driving down Maple Ridge Rd. 7) New trees were planted on both boulevard entrances. 8) New landscaping with boulders around the lodge walkway was put in place. 9) 9) New security features were placed on bathroom doors with key fob entrance. 10) New interior doors in lodge restrooms and Brass storage room. 11) The playset has been moved and the new social area and sidewalk from the parking lot down to the beach are being prepped for new concrete. There will also be concrete poured under the "Brass" upper deck for a future storage area, and concrete pads placed in the grass for cornhole boards. The golf cart turn lane on Lake Holiday Lane will also be expanded and made safer. (Funds donated from the Social Committee will help defray the cost of this cement project.) Chris informed that we have hired Kyle Rush as a full-time maintenance person and that Dom Fratta who was serving in this capacity had asked to cut back to part time. 3 part time summer help employees have also been re-hired. Ron R (1117) Thanked Josh for the Meadowview clean up and mentioned that there is a tree in the lake in the association green space and asked what is being planned for the area that was disrupted in constructing the Weir Dams over there. Chris P answered that both situations will be looked at. Rick G (1333) Asked that when the north side of the causeway is stoned next winter, if a path for walkers could be incorporated in. Chris P advised that this had already been taken into consideration. Paul Z (1321) Asked what the status of the new holidaylakes.org website is. He would like to see more posted on our website as opposed to on NextDoor. The simple answer is the website is still under construction. Our goal is to use the website to provide a lot of information.

A volunteer stepped up to help secure the domain and create the basic website. We do need to get back with him to finish the construction and to learn how we can update and manage the website in the office. It will be worked on!

Treasurer's Report: Henry Jarrett Henry went over how the ledger line items have been streamlined. Ditz Accounting has been working with Henry, Anni and Chis P to get everything back in its proper place. Henry wants to see a balance sheet included in our monthly reporting as opposed to just a P& L sheet. He mentioned again that the checking accounts have been merged into 1 and that we have savings accounts that are now earning 4 ½% interest. Our dues are on track and 25% of our annual dues are moved monthly into our "roads" savings account as well as 7% of our dues being moved monthly into our capital savings account which is also where the \$200 yearly capital assessment funds go. Overall, we are running on budget. Henry mentioned that Ditz had filed for an extension on our 2023 taxes. Henry has volunteers lined up to form a finance committee. This will start when the balance sheet is available to compliment the cash basis sheet allowing the committee to come up with some plans on future investing/spending etc. We budgeted for and are having Reserve Advisors do a professional Capital Reserve Study this year. An engineer will be on site to give us a better idea of where we stand with all our capital assets. The report will provide a great budgeting tool going forward. It will list all values, depreciation, life expectancy, estimated replacement cost etc. of every asset HLPOA owns. Alan Olsen a member here, has used this company in the HOA where he lives. He has offered to be a part of the walk around crew with Henry and Josh when the engineer is on site. Alan O (780) Asked what our fiscal year is. It is the calendar year. Anita F (1330) Asked what the status of our Reserve Account is? Can we handle replacing some of our capital assets if need be? We have used Reserve Account funds to replace capital assets. We are now growing our capital reserves through the \$200 Capital Assessment. These funds are being retained right now so our Reserve Fund is growing. But no, we do not have the money in reserve to replace EVERY capital asset HLPOA owns... that would be almost impossible to do.

Secretary's Report: Lynda Snyder Lynda gave a brief synopsis on the Social Committee's schedule this year.... Easter Egg Extravaganza that had to be held inside due to SNOW, but plans were altered at the last minute and kids seemed delighted with the raffle. Eclipse party was a HUGE hit, just a laid-back event, but the weather for April 8 was phenomenal. We had a food truck and live music on the beach. Pioneer kids came out and helped with landscape work around the lodge the following week and were fed a delicious hot lunch provided by donations from our members and set up and served by the Welcome Committee. Coming up are our community garage sales are next week, Memorial Day Pancake Breakfast will be on MEMORIAL DAY Monday (as the lodge is booked for our usual preholiday Saturday). Lake Fest is July 26, 27 and we are celebrating Holiday Lakes 60th Birthday! We will have a lake birthday party for our Family Night Friday and our "Peace, Love and Sandy Toes" 1960's vibe Lake Fest on Saturday July 27. Watch for more information on our biggest event of the year! We are looking for sponsors both individual or corporate. Flyers are available on the sign in table or please call the office or contact Lynda. There will be pancake breakfasts for July 4 and Labor Day, Annual Duck Race in September, fall poker run, Harvest Party w/Trick or Treat and Donuts with Santa to round out our yearly social event calendar. Bottom line is there is a lot going on here at the lake and volunteer opportunities abound!! We are ALWAYS looking for new ideas and new "blood". WE LOVE OUR VOLUNTEERS!!! The Welcome Committee is set up in the back and serving cookies and water (Solar Eclipse commemorative labeled water to be exact!) They also are selling their BRAND NEW 2024 Holiday Lakes Directory for \$8. We haven't had a printed directory since 2014. Many people have asked and Barb Harper, Cindy Johnson and the rest of the Welcome Committee made it happen! Please support their hard work by buying a directory. They will be available for purchase in the office, at our pancake breakfasts and at Lake Fest. The Welcome Committee is also selling vinyl Holiday Lake logo car decals, HL bags and HL lanyards. 2024 Welcome visits will start soon to our new members that have purchased since last September. Lynda recognized our 2023-2024 Volunteer(s) of the year as Kelley Green and Bill Lewis. Kelley is heavily involved with the Lake Fest Committee and the Social Committee. She did all the designs for the sponsor letters and banners for Lake Fest last year (and I'm relying on her again THIS year!) She and Bill have run the Lake Fest Corn Hole Tournament the past several years. Kelley organized both golf cart poker runs last year and is already working on this fall's event. Bill and his Fireland's Clean Air Service cleaned out all the air ducts at the lodge last year too! They live here year-round with their loveable and very large St. Bernards (that were the hit of the Willard Holiday Lights Parade!) We APPRECIATE YOU BOTH! We are lucky to have you as part of our community and we thank you for all the time you put into our community!

Director's Report: Chris Hassmann Chris H had no new updates from the Southern 5 Sewer District after our very well attended open forum meeting, he put together for us with Tom Secor. He will keep us informed with any new information. Chris H and his Safety and Neighborhood Watch committees are working on more presentations and literature to get word out to the community. He had a Neighborhood Watch meeting scheduled with the Huron County Sheriff Deputy, but the deputy cancelled at the last minute due to a high volume of calls.

Chris P gave the election results after thanking the ballot committee of Jane Kennard, Ruth Dureya and Genevieve Behlmer for their time today. Eric Griffin and Lynda Snyder both were re-elected for 3 yr terms as directors. The annual option to waive having to fully fund our reserve account also passed. Thanks to all that took the time to vote. Anita F (1330) Asked why do HOA's / POA's have to vote on waiving to fully fund their reserve fund? Alan O (780) Tried to clarify the reserve fund fully funded clause vs fully funding. Judy and Bill M (74) Also added to the conversation on fully funded vs fully funding. We as a board feel we needed a reserve study and therefore budgeted for it this year. The reserve study results will tell us how much we should have in reserves and how much we should reserve annually to be fully funded. It is our understanding most reserves are not fully funded. We are hoping to come to a consensus after the study as to a percentage we should fund, so that we are "fully funding" our reserves. Whether we need to vote on having fully funded reserves annually is something we will go over with our lawyers. We are all curious as to what the study will show us about funding our capital reserves. Someone questioned the condition of the spillway during this conversation and mentioned it and the dam being our biggest capital risks. We are a lake community, so yes, the spillway and dam are our largest capital "risks". Without these, or if these were to fail.... we would have no lake. The last spillway project was completed around 2006ish?? We would have to check exact dates..... Rose Ann V (943) Asked that the ruts and cupping on Evergreen Circle could be looked into. Chris P answered that they are on "the list".

Eric adjourned the meeting at 2:44pm
